

CITY OF LODI COUNCIL COMMUNICATION

AGENDA TITLE: Approve Plans and Specifications and Authorize Advertisement for Bids for State Route 99/Harney Lane Interim Improvement Project

MEETING DATE: August 18, 2010

PREPARED BY Public Works Director

RECOMMENDED ACTION: Approve plans and specifications and authorize advertisement for bids for State Route 99/Harney Lane Interim Improvement Project.

BACKGROUND INFORMATION: This project consists of widening Harney Lane, Cherokee Lane, and East State Route 99 Frontage Road; installing traffic signals at the intersections of Harney Lane/Cherokee Lane and Harney Lane/East State Route 99 Frontage Road; and other incidental and related work, all as shown on the plans and specifications for the project. The location of the project is shown on Exhibit A.

The purpose of the project is to increase the carrying capacity of Harney Lane in the vicinity of the existing interchange associated with development of the Southwest Gateway, Westside and Reynolds Ranch annexations. The proposed signalized intersections will alleviate the expected traffic congestion at the highway interchange. This project is an interim improvement for the future project that will reconstruct the existing interchange. The City and Caltrans are currently working together on reconstruction of the interchange improvement that is expected to be completed around 2016.

Funding for the project is being shared between the City and Reynolds Ranch Parkway, Inc., the developer of the Reynolds Ranch development. The total cost of the project is estimated to be \$1,500,000 including construction and construction administration. Included in this cost is the purchase of the traffic signal standards and mast arms previously approved by the City Council. The City's share will be 50 percent of the total project cost or \$750,000.

Sources of funds for the City's share include Regional Transportation Impact Fees (RTIF) (\$690,000) and Measure K funds (\$60,000). RTIF funds are the City's share of the fees collected, and capacity enhancements to Harney Lane are included as a local project in the San Joaquin Regional Transportation Impact Fee Final Report (October 2005).

The plans and specifications are on file in the Public Works Department. The planned bid opening date is September 29, 2010.

FISCAL IMPACT: The project will increase the long-term maintenance cost of the added pavement sections and traffic signals. Lodi Community Facilities District No. 2007-1 special taxes will offset these added costs in the long term.

APPROVED: _____

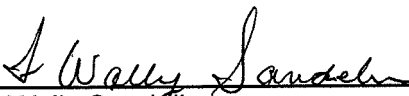

Konradt Bartlam, Interim City Manager

Approve Plans and Specifications and Authorize Advertisement for Bids for State Route 99/Harney Lane

SUBJECT: Approve Plans and Specifications and Authorize Advertisement for Bids for
State Route 99/Harney Lane Interim Improvement Project

Enclosed is a copy of background information on an item on the City Council agenda of
Wednesday, August 18, 2010. The meeting will be held at 7 p.m. in the
City Council Chamber, Carnegie Forum, 305 West Pine Street.

This item is on the consent calendar and is usually not discussed unless a
Council Member requests discussion. The public is given an opportunity to address
items on the consent calendar at the appropriate time.

If you wish to write to the City Council, please address your letter to City Council,
City of Lodi, P. O. Box 3006, Lodi, California, 95241-1910. Be sure to allow time for the
mail. Or, you may hand-deliver the letter to City Hall, 221 West Pine Street.

If you wish to address the Council at the Council Meeting, be sure to fill out a speaker's
card (available at the Carnegie Forum immediately prior to the start of the meeting) and
give it to the City Clerk. If you have any questions about communicating with the
Council, please contact Randi Johl, City Clerk, at (209) 333-6702.

If you have any questions about the item itself, please call Lyman Chang,
Senior Civil Engineer, at (209) 333-6800, extension 2665.
